## NEEDS ASSESSMENT SURVEY

The Township is conducting a Needs Assessment Survey for a proposed new Community Center. Please see Page 4 in the Parks and Recreation section of the Newsletter for more information.

## NORTH WALES AREA LIBRARY

Children's summer reading every Wednesday in July and August. Call the library for program details at 215-699-5410.

## UPPER GWYNEDD HOSTED THE EASTERN PENNSYLVANIA WATER POLLUTION CONTROL OPERATORS ASSOCIATION, INC.

The Eastern Pennsylvania Water Pollution Control Operators Association (EPWPCOA) is an organized group of wastewater treatment facility and collection system operators, superintendents, managers, and consulting engineers, with a membership in excess of 1,300. Average meeting attendance is between 125 and 200 members and guests. Attendees meet to discuss common experiences, tour new and improved facilities, and learn necessary and improved methods of operation, including

exposure to new products and materials.

On November 20, 2015, the Township Wastewater Treatment Plant hosted the EPWPCOA Trade Show. The Township's Wastewater Treatment Plant serves 12,000 residents, two large industries, and has 75 miles of sewer lines and seven pumping stations.

The Township's Plant was chosen to host the EPWPCOA annual

event because of the technological improvements that the Township has made in recent years. These improvements include the installation of a fine bubbler air diffuser system (Dissolved Oxygen), automated chemical feed systems, ultra violet disinfection and most recently the state-of-the-art BioMag System (a system which is the only one of its kind in the state of Pennsylvania).

## WEST POINT STREETScape IMPROVEMENTS

The Township recently completed streetscape improvements on West Point Pike between Jones Avenue and Park Road. The project included the installation of new decorative streetlights, stamped concrete sidewalks and crosswalks, and pedestrian accessibility improvements at the Garfield Avenue and Park Road intersections. The project was funded in part by a \$300,000 Pennsylvania Department of Transportation grant.

## NOR-GWYN ADDS IMPROVED ACCESS TO POOL GROUNDS

The Nor-Gwyn Pool season will open with a reconfigured front booth to improve traffic flow in and out of the facility. Those members with current registrations, ID cards in hand and pictures on file will be able to “fast track” through the entrance; while those needing to purchase day passes, update their registrations, etc., will complete their transactions at a second window. Also new this year is a 5% “Early-Pay” discount for those who register and pay online by April 15, 2016.

The University of Swimming will again be offering swim instruction. Toilet trained tots are included in the beginner level of the program, which focuses on teaching techniques of self-rescue to the very young. More advanced instruction levels teach strokes, breathing, endurance, etc. Classes will be offered in three two-week sessions of up to 60 minutes each beginning June 20th from 9-12am. Membership is not required to participate in the instruction program. Registration and additional information can be found at [USwim1.com](http://USwim1.com).

The **double flume slide** and **WIBIT inflatables** continue to provide amusement for users and spectators alike! The 54 foot obstacle course and two deep water attractions return this year. Additional activities include dive lessons, competition training with Nor-Gwyn Aquatics Club, beach volleyball, and GAGA. Our traditional **July 4<sup>th</sup>** celebration is a festive day of pie-eating contests, gold fish catch, egg toss, swim relays, WIBIT races, and more. **A variety of membership levels are available.** Whether you plan on attending frequently or just evenings and weekends, we have a membership that will suit your needs.

We would like to take a moment to offer our sincere thanks to the North Wales Lions Club for leading our organization over the past 40 years. The Lions were instrumental in the building of our facility in 1975 and have led the Pool Commission since its inception. We are all very grateful for the time and talent contributed by the Lions Club for more than 40 years for the benefit of our community.

The Pool Commission looks forward to enjoying the summer with you again this year!

**Opening Day:** Saturday, May 28th at noon

### Programs & Offerings:

Swim and dive instruction is offered weekday mornings until 12:00pm. Go to [www.norgwynpool.com](http://www.norgwynpool.com) for details or call 215-699-5111. Those interested in competitive swimming are invited to join the Nor-Gwyn Aquatics Club ([www.norgwynswim.com](http://www.norgwynswim.com)).

### Membership & Registration:

Rates include Individual, Family, and Senior; membership levels include Full and Twilight. Register at [www.norgwynpool.com](http://www.norgwynpool.com) or pick up a mail-in application at Upper Gwynedd and North Wales municipal buildings. Walk-in registration is available during pool hours. The facility is also available for parties with rates on an hourly basis.

## INDUSTRIAL DEVELOPMENT NEWS

The Industrial Development Authority (IDA) donated \$10,000 to fully fund three Department requests and also contributed towards the funding of Public Meeting Room planned upgrades to enhance presentation functionality.

- Police Department: Crime Scene Camera and Gear
- Public Works Department: New Two-Way Radios to stay in contact with Police and Fire
- Parks and Recreation: High Resolution Camera for pictures and video of events and activities

## FROM THE FIRE MARSHAL

### Smoke Alarms ARE NOT all the same

Recently, our office has fielded a few questions on the replacement of smoke alarms. When replacing a smoke alarm, picking up a new one at the store seems simple, yet there are significant differences in the types of alarms available on the market. The two most popular are Ionization and Photo Electric. Ionization-type smoke alarms have a small amount of radioactive material between two electrically charged plates, which ionizes the air and causes current to flow between the plates. When smoke enters the chamber, it disrupts the flow of ions, reducing the flow of current and activating the alarm. Photoelectric-type alarms aim a light source into a sensing chamber at an angle away from the sensor. Smoke enters the chamber, reflecting light onto the light sensor; triggering the alarm. Why is this information important? Residential home fires during the hours of 11 pm and 7 am account for 20% of fires. However, the fires during this timeframe account for 50% of all fire fatalities. Research over the past few years has indicated that the majority of home fires start as an item that begins to smolder. In some instances, the fire has smoldered for over an hour prior to becoming what is known as a “free burning” flame. There are physical differences in the smoke that a smoldering fire produces versus a free burning flame. Photo Electric smoke alarms detect the larger particles that are put off by a smoldering fire much quicker than an Ionization alarm. Some studies have shown up to a 50 minute contrast between the time a Photo Electric alarm sounds and an Ionization alarm sounds. The overwhelming number of fatalities and injuries come from smoke inhalation, and not from actual burns. With the delay in time for notification, you can see why the sleeping hours are the most dangerous for all occupants in a residence. Therefore, when replacing smoke alarms in your residence, we recommend you choose Photo Electric alarms. Additionally, since Ionization alarms serve their purpose, we recommend the installation of this type of alarm as well. It is NOT recommended to use combination units that consist of both Photo Electric and Ionization alarms due to inconsistent third party testing results. We care about you and your family. The small amount of funds spent on replacement alarms may just save your life and keep everyone safe!

The Police Department maintains a Special Needs Registry. If you or anyone in your household has any special medical or other needs such as autism, dementia, etc., you are welcome to contact the Department and provide that information for our confidential Special Needs Registry. The information provided by you is kept in case of an emergency so that officers and other first responders can better resolve the situation. Also, if any special needs persons would like a tour of the station and/or other information from the Police Department, please contact Officer Matt Toro for assistance. Please keep your house and car doors locked. Always report any suspicious persons or activity by calling 9-1-1, even if you do not think it is an emergency.

**PUBLIC WORKS**

**Trees Within the Public Street Right-of-Way**

Public Works crews have noticed that there are property owners who have trees protruding into the Township’s roadway right-of-way. Tree limbs are a problem during paving operations and snow plowing operations as well as a serious problem for emergency vehicles. The Township requests that property owners trim any trees that extend into the right-of-way of the street. At a minimum trees should be trimmed even with the back of the curb line and/or beyond the edge of the black top where curbs do not exist. Sidewalks should remain clear of tree limbs, also.

**FEMA Adopts New Flood Insurance Rate Maps**

The Federal Emergency Management Agency has announced that as of March 2, 2016, the new floodplain maps will become official. Upper Gwynedd adopted the new maps as part of the National Flood Insurance Program (NFIP). Individuals may access the new FEMA NFIP Maps at <https://msc.fema.gov/portal/>. Click on “view map” to see one map panel or click on “Interactive map” to see multiple maps including aerial photos. Make sure that you look at the maps effective March 2, 2016. The Upper Gwynedd Township Administration Office maintains a property map which illustrates the new floodplain lines. It is available for review at the Administration Office and will be online around mid-March, 2016. As a reminder, only a professional surveyor or engineer can certify a flood elevation certificate applicable to a particular property which is often required for home insurance or mortgage purposes. **If you believe your property falls within or near a flood zone, you should contact your homeowners insurance agent for flood insurance details.**

**Things that Grow in the Summer: Grass, Weeds, Signs and Swimming Pools**

- Please remember if you plan to travel or be away from your home make arrangements to have your lawn cut on a regular basis. Township ordinance requires that grass and weeds shall not exceed 12” in height. Of course, you would expect a well maintained neighborhood to keep their lawn maintained at heights far less than this.
- Please remember that weeds, brush and yard waste should never be deposited in the street right-of-way. The only exception would be when placed in trash containers for regular pick-up.
- In the summer and early fall, illegal signs seem to grow as rapidly as the grass. Signs are never permitted to be placed within the legal rights-of-way of the street or in a manner that could obstruct sight vision at street intersections or where driveways intersect with streets. This is true for all zoning districts within the Township.
- In addition, only those contractors who have received a construction permit from the Township are permitted to post their signs on a property, and this posting is limited to a 30 day duration.
- Signs from contractors providing services such as: tree service, lawn maintenance, power washing, painting or any type of commercial message are never permitted on residential properties and in all cases a permit from Upper Gwynedd is required for any sign located on commercial or industrial properties.
- For new pools, it is not too early to start thinking about summer. Swimming pools require zoning and building code compliance permits. Please remember to allow sufficient time for Township officials to review pool applications, which must also consist of a property survey and grading plan prepared by a licensed professional. Please have your contractor contact the Zoning and Building Departments for additional regulations in order to help expedite the review process.

**Bamboo: Aggressive Species On Invasive Plants “Watch List”**

Bamboo, a non-native plant, has been used for border or ornamental plantings for years. However, one particular species known as “Golden Bamboo” (AKA yellow grove bamboo, fish pole bamboo) having the species class of *Phyllostachys aurea*, has been placed on the PA Department of Conservation and Natural Resources “Watch List” for invasive plants. DCNR defines invasive plants as those species that are not native to the state, grow aggressively, and spread and displace native vegetation. Invasive plants are generally undesirable because they are difficult and costly to control and can dominate whole habitats, making them environmentally destructive in certain situations. A “Watch List” means there is reason to believe that these species have the potential to act aggressively in certain environments or in surrounding states. They could pose threats to natural ecosystems if they become invasive. These species may have value in certain situations where they are not considered invasive, but are not preferred in natural settings. Some municipalities in the eastern part of Montgomery County have elected to adopt ordinances to prohibit the planting of the undesirable species of bamboo. In residential neighborhoods of higher density and smaller lots bamboo can grow very aggressively onto neighboring properties. Caution is recommended.

## Needs Assessment Survey

Upper Gwynedd Township officials have engaged with the engineering firm, T&M Associates, to conduct a needs assessment for a potential community center within the Township complex. Since 1991, the Parks and Recreation Department has expanded its facilities and programming dramatically. The Township now employs two full-time and 20 part-time staff members and provides services like basketball, tennis, summer recreation camps, trails, an amphitheater with concerts, a pavilion for family gatherings, an annual Fall Fest and Carnival, and a wide array of programs. Currently, the only indoor facility available for the Township is a single-room community building, constructed by the Upper Gwynedd Lions Club and local scouts in 1980. It is the desire of the Township to explore the feasibility and need of developing a new community center with the input of Township residents.

A survey has been developed by T&M Associates and is currently available online at [www.uppergwynedd.org](http://www.uppergwynedd.org). Hard copies are available at the Township Building. The survey should take no longer than 5-10 minutes to complete and all survey-takers are able to submit their name and contact information to be placed in a drawing for free admission into The Franklin Institute (valid for one day, up to two adults and four children). The survey must be completed by Sunday, May 1 at 11:59pm to be eligible for the drawing and your input to be analyzed. Questions and/or comments can be made to the Director of Parks and Recreation, Alex Kaker at 1 Parkside Place, North Wales, PA 19454 or by email at [AKaker@uppergwynedd.org](mailto:AKaker@uppergwynedd.org). He can be reached at 215.699.7777 ext. 236.

## THANK YOU TO ALL OF OUR 2016 SPONSORS

Thank you, sponsors! Due to their generosity Upper Gwynedd Township has become one of the premier recreation departments in the area and is able to provide quality recreation programming for our residents and the entire North Penn community. Please contact Alex Kaker, Director of Parks and Recreation, for information on how your company can help support our mission: Upper Gwynedd Township Department of Parks and Recreation shall strive to develop and maintain quality parks and facilities; to preserve open/natural spaces; and to provide recreational programs and services which will enhance the physical, social and emotional well-being of all current and future residents of Upper Gwynedd.

# KIDS CAMPS & ACTIVITIES

## Bricks 4 Kids: Mining & Crafting

PLACE:	Upper Gwynedd Community Center
AGES:	5-12
DATE:	Mon-Fri, 7/18/16-7/22/16
TIME:	1pm-4pm
FEE:	\$175

Minecraft® is a game about placing blocks to build anything you can imagine. Experience the world of Minecraft® with LEGO® Bricks in this fun summer camp! Students will face new challenges each day, building models and crafting key elements in the popular Minecraft game.

## Bricks 4 Kids: Space Adventures

PLACE:	Upper Gwynedd Community Center
AGES:	5-12
DATE:	Mon-Fri, 8/8/16-8/12/16
TIME:	1pm-4pm
FEE:	\$175

Inspired by NASA and Star Wars™, this camp is packed full of models that will make your imagination blast off! Each day campers will learn about real-life space exploration and build models related to the NASA space program. In addition, the camp includes LEGO® Star Wars themed models, group challenges and more.

## Young Rembrandts: Art Class

PLACE:	Upper Gwynedd Community Center
AGES:	6-14
DATE:	Mon-Fri, 7/11/16-7/15/16
DAY & TIME:	1pm-4pm
FEE:	\$199

This is the most popular Young Rembrandts workshop. Children will be exposed to three different media all in one workshop!

We will emphasize drawing skills while completing a roller coaster drawing with markers. We will learn cartooning techniques while being introduced to some fun new characters enjoying summer fun. We will also learn pastel techniques as we complete a 12 x 18 pastel piece with the beach in mind. The step-by-step Young Rembrandts teaching method insures success and fun with all media! Please wear an old shirt or smock on the last day.

## Engineering for Kids:

### Electronic Game Design: Invader Defense

PLACE:	Upper Gwynedd Community Center
AGES:	8-12
DATE:	Sundays, 4/10, 4/17, 4/24
TIME:	9am-12pm or 12:30-3:30pm
FEE:	\$149

Students will use Multimedia Fusion 2® to create their own video game. Whether students wish to fire marshmallows or missiles, they build a complete video game from start to finish. They program characters to survive a wave of enemy attacks in order to reach the next level. At the end of the class, students take home a copy of the game they create.

## Engineering for Kids:

### Jr. LEGO® Robotics: Wild Animals

PLACE:	Upper Gwynedd Community Center
AGES:	4-7
DATE:	Sundays, 4/10, 4/17, 4/24
TIME:	9am-12pm or 12:30-3:30pm
FEE:	\$149

This LEGO® Robotics class is specifically designed for the youngest engineers. Using the LEGO® WeDo bricks and software, the goal of this class is to introduce students to the concept of what robotics is as well as give them a chance to build and program their first robot. Students will build a hungry alligator, roaring lion, drumming monkey and more!

## Engineering for Kids:

### Wings, Wheels and Sails

PLACE:	Upper Gwynedd Community Center
AGES:	4-7
DATE:	Mon-Fri, 6/13-6/17
TIME:	9am-12pm
FEE:	\$199

Guten Tag! Travel the world with Kelvin and our core of engineers as we explore the Engineering of Travel. Drive across the United States, build a boat to sail the Mediterranean, and fly to the Orient in this fun engineering experience. Join us on an amazing adventure as we engineer planes, cars, boats and rockets to travel the globe, and beyond.

## Engineering for Kids:

### LEGO® Robotics: Rescue Robots

PLACE:	Upper Gwynedd Community Center
AGES:	8-12
DATE:	Mon-Fri, 6/13-6/17
TIME:	9am-12pm
FEE:	\$199

This LEGO® Robotics camp is designed to introduce students to the world of not only building, but also programming basic robots. Throughout this camp, students design and program robots to respond to simulated disaster situations such as moving rubble after an earthquake, retrieving survivors after an avalanche and more!

## Engineering for Kids:

### Minecraft® EDU: Traveling Into The Future

PLACE:	Upper Gwynedd Community Center
AGES:	8-12
DATE:	Mon-Fri, 6/13-6/17
TIME:	12:30-3:30pm
FEE:	\$199

Join us in an apocalyptic future, one where the earth has been ravaged by a series of natural disasters. Each day, students rely on the engineering design process to solve a series of challenges such as building a city on a series of islands, escaping from a bunker on Mt. Everest and even building a rocket to land on the moon!

## Theatre Horizon:

### Summer Drama Camp

PLACE:	Upper Gwynedd Community Center
AGES:	5-6
DATE:	Mon-Fri, 8/1/16-8/5/16
TIME:	1pm-4pm
FEE:	\$99

Young actors spend a week working as an ensemble to create an original play full of drama, comedy, suspense, and one-of-a-kind characters! Our professional teaching artists, who are trained in collaborative theatre, guide campers through playwriting basics and fun improvisational games. On the last day, campers perform their world premiere play for an audience with props and costumes!

# KIDS CAMPS & ACTIVITIES

## Kitchen Wizards: Mini-Desserts

PLACE:	Upper Gwynedd Community Center
AGES:	9-13
DATE:	Saturday, 5/14
TIME:	11am-12:30pm
FEE:	\$30

In this workshop, a Kitchen Wizards instructor will help children learn to create mini-desserts! They'll make tartlets, eclairs and cream puffs. Chefs will create their own desserts and come home with delicious goodies!

## Kitchen Wizards: Taste of Italy

PLACE:	Upper Gwynedd Community Center
AGES:	8-14
DATE:	Tuesday-Friday, 7/5-7/8
TIME:	1-3pm
FEE:	\$149

Do your children love Italian food? During this camp, they'll prepare and eat a different Italian meal each week. This camp will be Mangia madness!

## Kitchen Wizards: Little Chefs Begin Cooking

PLACE:	Upper Gwynedd Community Center
AGES:	5-11
DATE:	Monday-Thursday, 8/8-8/11
TIME:	10am-12pm
FEE:	\$149

Campers will enjoy kid-friendly favorites for budding chefs, including oven-baked chicken fingers, homemade pasta and meatballs, and more! Each member of the family will enjoy these entrees when the kids make them at home.

## Science Explorers: Potions, Powders & Polymers

PLACE:	Upper Gwynedd Community Center
AGES:	7-11
DATE:	Mon-Fri, 8/15/16-8/19/16
TIME:	9am-12pm or 12:30pm-3:30pm
FEE:	Half Day: \$225, Full Day: \$415

Is it science or magic? You'll find out! In our half day camp you'll create erupting foam monsters, conduct amazing air

pressure experiments, dig for hidden treasures, investigate the science of illusions and build spectroscopes to view the spectrum of different types of light. Stay for the full day and we'll reveal many mysteries of science as we investigate creepy creatures, learn troll tricks, capture a rainbow in a bottle, make instant snow, mix up glowing slime and conduct lab tests on mystery substances.

## Mad Science:

### Mad Machines & Rockin' Rockets

PLACE:	Upper Gwynedd Community Center
AGES:	6-12
DATE:	Mon-Fri, 6/27/16-7/1/16
TIME:	1pm-4pm

## NOR-GWYN BASEBALL AND SOFTBALL OPENING DAY APRIL 16TH

The 2016 Nor-Gwyn season begins on Saturday, April 16 with several Baseball, Softball, and T-Ball games. The annual Opening Day player parade and ceremony will immediately precede the games at 10:30am sharp. The ceremony will be held at the Nor-Gwyn Complex on Hancock Road in Upper Gwynedd Township. Everyone is invited to come out to celebrate the start of the new season. The ceremony will include remarks by Nor-Gwyn officials and presentations of the Ben Hostelley Scholarship, Larry Meyers Coach-of-the-Year, and the Volunteer-of-the-Year. State and local government officials are expected to be on-hand. The ceremony also includes the traditional First Baseball and Softball Pitches. All Nor-Gwyn Baseball and Softball players and coaches are invited to participate in the ceremony by assembling behind the Bachman-Jasinski Field outfield fence in full uniform promptly at 10:15am. Players and coaches will line-up and parade onto the field by team to start the ceremony. The rain date for the ceremony is Sunday, April 17 at 12:15pm. If weather or field conditions require postponement, a message will be posted on the Nor-Gwyn answering service (267-217-2567) after 9:30am.
