

# *2017 Mad Science Summer Camp at Upper Gwynedd Township Parks & Recreation*

*Weeks of June 26th & August 21st*

## **Radical Reactions & Detective Science**

**Week of June 26th**

**1:00 PM – 4:00 PM**

**Ages 6-12 \$139**

Mad Science brings awe-inspiring experiments paired with thought-evoking detective work to campers, nurturing their scientific interests and evoking their fascination. Children will learn about chemical reactions as they grow crystals, create sidewalk chalk from scratch, and design chromatography t-shirts to take home. Campers become trained science sleuths as they investigate the role of chemistry at the scene of a crime. We spark curiosity by asking children to make thorough observations while dusting for fingerprints!

## **Eureka: Flight to the Future**

**Week of August 21st**

**1:00 PM – 4:00 PM**

**Ages 6-12 \$139**

Calling all innovators! Bring your imagination and let it SOAR as you create a squadron of paper airplanes the Wright brothers would be proud of! Explore technological advances in flight: hot air balloons, flying machines, and spacecraft. Launch a variety of stomp rockets, and even take one home! Learn about lasers, microgravity, and space stations. Become inspired by Verne and Asimov and build submarines, brainstorm the telecommunications and transportation of the future. This camp culminates with campers building their own sci-fi inspired light sabers that they can take home, along with their dreams of the future!
