4. Old Business

A. Playground Audit

Mrs. Chabala reported the audit took place by a Certified Safety Inspector hired by Leathers. She stated there was nothing found that would close the playground and some things have been handled. Mrs. Chabala explained one issue found was the chair made from a tree was considered an entrapment due to the arms. She stated once the arms were cut off it was no longer considered an entrapment. Mrs. Chabala advised that the

Superintendent of Public Works, Willard Troxel, has the list of what needs to be completed and they were currently working on it.

Mrs. Chabala mentioned the sanding issue was brought up to Leathers and they were asked if it would be alright to sandblast it. She stated they did not approve sand blasting but a power tool could be used. Mr. Zumpino asked if there was a dead line and Mrs. Chabala advised there was no dead line. Mrs. Edelmayer reminded there was discussion relative to contracting the sanding out and Mrs. Chabala stated there was no interest by contractors that had looked at the job. Mrs. Chabala advised the job had changed so the contractors may reconsider since it was no longer the entire playground.

There was discussion relative to Public Works making repairs to the playground and hiring a contractor for the sanding. Mr. Zumpino suggested a Carpenters Union for the sanding and Mrs. Chabala stated she would have her assistant Mr. Kaker check into that option.

Mrs. Edelmayer reiterated the playground was safe to use, the work was being done and the sanding would be completed as well.

B. Playground Celebration

Mrs. Chabala stated the celebration was scheduled for June 6, 2015. She advised conversation had taken place between herself and Mrs. Edelmayer and it was decided with the concession stand open punch and cupcakes would be served so there would be no competition with the concession stand. Mrs. Chabala noted there would be a party atmosphere with a face painter, bounce houses, camp staff there with crafts encouraging sign-ups for camps. She suggested a Commission could give a small welcome speech with history in an informal way. Mrs. Flanigan advised there was a time capsule buried in the playground. There was discussion relative to what was buried and possibly burying another one.

Mr. Zumpino questioned if there was going to be a maintenance fund generated and Mrs. Edelmayer advised at this time the Township can maintain the playground.
